and thus render ourselves "pretty" in many senses of the word.

Prettiness does not depend on hair, eyes, complexion, hands, feet, or a grace-ful and statuesque figure. We often meet a "pretty woman" with a large mouth or small-eyes, or an immense nose, and yet are immediately aware of her attractiveness. We all recognize "prettiness" whenever we behold it, but it is impossible for us to analyze or describe it. It is like the sunshine, intangible, but enlivening and brightening everything about it.

Ruskin declares that it is every woman's duty to make herself handsome; majority of those so reported as dropped for non-payment of dues, are in fact, still members of their Lodges, and should have been so reported and paid for, as other members. By adopting this illegal mode of getting rid of members, three or four hundred dollars may have been lost to the Grand Lodge, in contributions. There are but three modes available by the Lodge, of being released from paying dues to the Grand Lodge for its members. corruption, have been purified and cured by it. Scrofulous affections and disorders, which were nagaravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfell tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its indeens forms, either on the surface or among the vitals. In the latter, infecreics may be suddenly deposited in the larges or heart, or tumors formed in the liver, or it shows its presence by cruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afficted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAP ARILLA: St. Anthony's Fire. Rose or Erysipelas, Tetter, Salt Rheum, Scala Head, Ringworm, Sore Eyes, Sore Ears, and other cruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Seuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Fenereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maindies by any medicine will cure the complaint. Leaverrhead or Whites. Uterine Ulcerations, and Fennale or was a cured by it, though a long time is required for subduing continued use of this

any medicine. But long-continued use of this medicine will cure the complaint. Lesscorrhost or Whites, Uterine Uterations, and Fennile Diseases, are commonly soon relieved and ultimately cured by its purifying and invigoraling effect. Minute directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the hisood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundier, when arising, as they often do, from the ranking poisons in the blood. This SARSA-PARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakuess, will find immediate relief and convincing evidence of its restorative power upon trial.
